

**A WORD FROM
VARDIT LUNZER**
Joint Managing Director

Dear Quintessa Client.....

With Spring in the air, I wanted to take this opportunity, via our Newsletter service, to keep in touch, and to tell you about developments during 2008!

We have many exciting initiatives planned for the forthcoming year.....

...But I also want to keep asking you what it is that we are not designing that you need? **What styles? What colours? Which direction?**

Your feedback is so important to us, and I hope to hear from you soon??

Quintessa Art Consultancy

Since Decorex, we have spent much time on what we call our "Art Consultancy."

We begin from the standpoint of the needs of a client. Often Interior Designers do not want our "off-the-shelf" solutions, but do not quite know what they do want. We work using the colour schemes and create design solutions suited to each particular project.

We take our client's concepts and convert them into customised art, which will often be exclusive to them."

The work, shown top right, came out of a general request to design "an eclectic feel of artwork" which would work covering a large expanse of wall. We used photography, since this still is a great medium to work with.

Artwork comes in either "hand painted" or "factory finish" mouldings
